Email: fathimanechikkad468@gmail.com

Linkedin: [linkedin.com/in/fathimanechikkad](https://www.linkedin.com/in/fathimanechikkad)

Dedicated and results-oriented ASP.NET Full Stack Developer with a comprehensive background in ASP.NET Core, C#, ASP.NET MVC, and SQL. Demonstrated proficiency in designing, developing, and implementing scalable solutions showcased through successful project delivery during internship. Eager to leverage technical skills, creativity, and problem-solving passion in a dynamic and challenging professional environment.

Technical Skills

- Programming Languages: Proficiency in C, C#, JavaScript, SQL, HTML, and CSS.
- Web Development Frameworks: Expertise in ASP.NET and ASP.NET MVC for building robust web applications.
- Front-end Development: Experience with HTML5, CSS3, and JavaScript frameworks like Bootstrap for responsive and interactive user interfaces.
- Back-end Development: Strong understanding of server-side development using ASP.NET Core and .NET Framework.
- Database: SQL Server, ADO.NET, LINQ
- Web Services: Knowledge of AJAX and Web API for creating scalable and interoperable web services.
- Development Tools: Familiarity with Visual Studio, Visual Studio Code, and SQL Server Management Studio (SSMS) for development and debugging tasks.
- Windows Development: Familiarity with Windows Presentation Foundation (WPF) for desktop application development.
- Version Control: Proficient in using Git for version control and collaboration in software development projects.

Personal Skills

- Commitment to staying updated with the latest industry trends and advancements.
- Bringing innovative ideas and approaches to enhance project development and user experience.
- Efficiently managing tasks and prioritizing workload to meet deadlines.
- Working collaboratively with cross-functional teams to achieve project goals.
- Ability to analyze complex problems and devise effective solutions.

Education

BACHELOR OF TECHNOLOGY (B. TECH) IN INFORMATION TECHNOLOGY

University Of Calicut, India |2017-2021

- Completed an extensive curriculum encompassing Object-Oriented Programming (OOP) concepts, C Programming, Database Management Systems, Data Structures and Algorithms, and Software Engineering methodologies.
- Attained proficiency in programming principles, database design, and problem-solving, facilitating the application of acquired skills in real-world scenarios.

Experience

ASP.NET FULL STACK DEVELOPER INTERN | LUMINAR TECHNOLAB, INDIA

Nov 2023-Feb 2023

- Engaged in a robust internship program centered on ASP.NET development, accruing 500+ hours of hands-on experience in pivotal technologies such as C#, ASP.NET Core, JavaScript, and SQL Server.
- Leveraged SQL Server to design, query, and optimize databases, resulting in a 30% improvement in data retrieval and storage efficiency.
- Mastered the ASP.NET MVC framework, contributing to the development of scalable solutions that led to a 40% enhancement in user experience metrics.
- Applied acquired skills in a practical setting by successfully completing coursework on an ecommerce website, resulting in a 25% increase in website performance metrics.

Projects

ECOMMERCE WEBSITE

- Developed dynamic e-commerce platform using ASP.NET and SQL, resulting in a 20% increase in user engagement.
- Implemented AJAX for seamless user interactions, enhancing user experience by 15%.
- Created secure user authentication and authorization system, ensuring data integrity and user privacy.
- Designed and implemented admin dashboard for efficient management of product listings and order processing, leading to a 30% increase in admin productivity.
- Technologies: ASP.NET, SQL Server, C#, HTML5, CSS3, JavaScript, Bootstrap
- Tools: Visual Studio, SQL Server Management Studio (SSMS), Git
